Product Description

Bighorn 400 F UTV

Designed for great value, the Bighorn 400 F offers the essential features for an entry-level off-road UTV at a budget price. Its front and rear independent suspension system ensures a smooth ride on uneven ground, while 26HP engine, 4WD on-demand and 10-inch ground clearance help you traverse unexplored trails. The 400 lbs bed capacity gives you the capability to haul large loads, and the dual ventilated hydraulic disc brakes provide excellent stopping power for added safety. The Bighorn 400 F has the power and versatility for a variety of tasks on the homestead and farm.
