Product Description

Bighorn 450 Pro Max UTV

Powered by a 391cc four-stroke engine that delivers 26 horsepower, this UTV is designed for reliability and performance. With electronic fuel injection (EFI), liquid and oil cooling, and a shaft drive system, it ensures smooth operation even in the harshest conditions. The automatic CVT transmission and 2WD-4WD drivetrain offer flexibility, allowing you to adjust to various terrains easily. Whether you're hauling heavy loads, towing up to 500 lbs, or tackling difficult trails, the Bighorn 450 Pro Max provides the strength and versatility you need. The 6.3-gallon fuel tank ensures long days of work and play, and the maximum speed of 35 mph lets you move quickly when needed.
